1. About us

As a profit-to-member super fund, we prioritise the interests of members, not shareholders – meaning we can give more back to you through lower fees and personalised, local service. We're committed to delivering investment returns that help secure your retirement outcomes.

 For more information about the benefits of investing with Mine Super, go to Section 3 or mine.com.au

We offer 12 investment options for you to invest your super:

- + **Seven pre-mixed investment options** - High Growth, Growth, Balanced, Moderate, Indexed Defensive, Defensive and Secure.
- + **Five single asset class investment options** - Australian Shares, International Shares, Property, Bonds and Cash.

If you don't choose which investment option/s to invest your super in, it will be invested in our MySuper Lifecycle Investment Strategy. You can also choose to invest in our Lifecycle Investment Strategy at any time. The Strategy works by giving you greater exposure to growth assets such as shares in the early stages of your working life, and then reducing this as you get older by increasing your exposure to defensive assets such as fixed income and enhanced cash. This exposes you to greater risk and potentially higher returns when you're young and then aims to reduce volatile investment returns as you get older. Members under age 50 will be invested in High Growth, those aged 50-54 in Growth, and those aged 55 and above in Balanced.

 You should read the important information about the Lifecycle Investment Strategy before making a decision. Go to mine.com.au/super-pds and read the factsheet titled **Lifecycle Investment Strategy**. The material relating to the Lifecycle Investment Strategy may change between the time you read this Statement and the day you sign the application form.

 You can find the Product Dashboard for the MySuper Lifecycle Investment Strategy at mine.com.au/product-dashboard. You can find information about the Trustee, executive remuneration and other information we must make available at mine.com.au/about-us

2. How super works

About Super

Super's one of the best ways to save for your retirement. It is, in part, compulsory. Generally, you can't get hold of your super until you retire, usually after you've reached age 60. But there are times where you might be able to withdraw it earlier than this.

The government wants you to put money aside for when you retire and to encourage you to do this, it gives you tax breaks and other benefits.

Because some of your pay has to be paid into super when you start working, you start saving for your retirement early. The longer you save, the more money you'll have to enjoy when you retire.

 For more information about how super works, go to moneysmart.gov.au or read our **What is super?** factsheet at mine.com.au/super-factsheets

How to increase your super savings... making contributions into your Mine Super account

There are a number of ways you can add money to your super:

Contributions from your employer

Your employer must make super contributions of 11.5% of your salary to your super account on your behalf. You can generally choose which super fund you'd like your employer to contribute this to. You can also ask your employer to deduct extra money from your pay before tax is taken out, called salary sacrifice contributions.

Your own contributions

You can contribute your own money from your pay or income after tax is taken out.

 The government sets limits on how much of your contributions are taxed at the low rate applying to super funds. These limits are called 'contribution caps'. For more information read our **How much can I add to my super account?** factsheet at mine.com.au/super-factsheets

Transfer super you have in other funds into your Mine Super account

Having all your super in one fund means you won't pay multiple fees to different funds and therefore, have more money to invest for your retirement. It also makes managing your super easier. You save time, receive less paperwork and you're less likely to lose track of your super.

Government co-contribution and low income superannuation tax offset

The government has two schemes to help people on low and middle incomes save for their retirement.

- + If you contribute your own money after tax and meet certain rules, you might be eligible for the **government co-contribution**.
- + If your employer contributes the compulsory 11.5% of your pay into your super account and / or you ask your employer to make contributions from your before-tax pay, called salary sacrifice contributions, you might be eligible for the **low income superannuation tax offset**.

Contributions by your spouse

Your spouse can contribute money to your Mine Super account. They might receive a tax benefit for doing this.

Investing your super

Once you or your employer contribute money into your super, we invest it for you. Your super will increase in value if investment returns are positive and fall in value if investment returns are negative.

One of the benefits of Mine Super is that there are two ways you can invest your super.

- + **Let us do it for you** through our MySuper Lifecycle Investment Strategy. **Or**
- + **You can choose** how you want to invest your super from 12 investment options.

 For more information about investing your super, go to **Section 5**.

Withdrawing money from your super

The purpose of super is to save for your retirement. Because of this the government has set strict rules around when you can withdraw money from your super. Generally, your super's 'preserved', which means you can't withdraw money from it until you retire. But there are times when you might be able to withdraw it earlier than this.

You should read the important information about making contributions and withdrawing your super before making a decision. Go to mine.com.au/super-pds and read the factsheets titled: **Boost your super with the government co-contribution;** **How much can I add to my super account?** and **When can I access my super?** The material relating to making contributions and withdrawing your super may change between the time you read this Statement and the day you sign the application form.

4. Risks of super

When thinking about super, it's important to understand its risks so you can make the right choices:

- + All investments have risk and the value of your super will vary.
- + Different investment strategies, such as the investment options you invest in, have different levels of risk depending on the assets they're invested in. To measure these risks, we've adopted 'Standard Risk Measures' (SRMs) developed by the super industry. Information about High Growth's SRM can be found in **Section 5**. The SRMs for our other investment options can be found in their factsheets. Go to mine.com.au/super-pds
- + The returns from investments are affected by things such as inflation, interest rates and market conditions. The value of currencies can also have an impact, particularly if you invest in international shares.
- + Assets with the highest long-term returns, such as shares and property, might also have the highest short-term risk. Cash and fixed income / bonds generally have less potential for high long-term returns, but also tend to have less short-term risk.
- + The return you get from your super will vary and future returns could be different from past returns.
- + Returns are not guaranteed and you might lose some of your money.
- + Super laws might change.
- + The amount of super you end up with when you retire might not be enough for you to have a comfortable retirement.
- + How much risk you take is your decision and depends on your age, how long you'll invest for, your other investments, how comfortable you are with the possibility of losing some of your super in some years, among other considerations.

5. How we invest your money

We offer 12 investment options for you to invest your super:

- + **Seven pre-mixed investment options** – High Growth, Growth, Balanced, Moderate, Indexed Defensive, Defensive and Secure.
- + **Five single asset class investment options** – Australian Shares, International Shares, Property, Bonds and Cash.

! Warning: When you're thinking about which investment options to invest in, you should consider the likely investment return, risk and how much time you have to invest.

Mine Super gives you choices

One of the benefits of Mine Super is that you can choose which investment options your super's invested in or make no choice and have it automatically invested in our MySuper Lifecycle Investment Strategy.

- + **Make no choice** and your super will be invested in our MySuper Lifecycle Investment Strategy. The Strategy works by investing your super in the pre-mixed investment option generally appropriate for people your age. As you get older, your super's automatically switched to a less risky pre-mixed investment option. **Or**
- + **Choose your own investment options.** You can choose any mix of the seven pre-mixed and five single asset class investment options. The mix you choose must add up to 100%. You can also choose to invest your current account balance and future contributions differently or invest in our Lifecycle Investment Strategy at any time.

 To help you decide how to invest your super, it's important to understand some basic investment concepts. See our investment factsheets at mine.com.au/super-factsheets

Who do we invest your super with?

We appoint professional investment managers to invest your super. We regularly review their performance and can remove managers and add new ones.

 For more information about our investment managers go to mine.com.au/how-we-invest-your-money

Can our investment options change?

Yes, in the future we might offer new investment options or close or change existing ones.

Do we take labour standards or environmental, social or ethical considerations into account?

We seek to maximise investment returns while managing risk. Our investments are managed by a group of market leading Australian and international fund managers who may, as part of their investment processes, engage with corporations and other institutions that issue securities. Appointed fund managers may consider environmental, social and governance risks and opportunities within a broader range of factors, which together may impact investment returns.

 You should read the important information about our 12 investment options and the Lifecycle Investment Strategy before making a decision. Read the factsheets titled: **High Growth; Growth; Balanced; Moderate; Indexed Defensive; Defensive; Secure; Australian Shares; International Shares; Property; Bonds; Cash** and **Lifecycle Investment Strategy** at mine.com.au/super-pds. The material relating to our 12 investment options and the Lifecycle Investment Strategy may change between the time you read this Statement and the day you sign the application form.

6. Fees and other costs³

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns.

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You or your employer, as applicable, may be able to negotiate to pay lower fees. Ask the fund or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** Moneysmart website (www.moneysmart.gov.au) has a superannuation calculator to help you check out different fee options.

³ All our fees and costs include GST where applicable.

This document shows fees and other costs that you may be charged. These fees and other costs may be deducted from your money, from the returns on your investment or from the assets of the superannuation entity as a whole. Other fees, such as activity fees, advice fees for personal advice and insurance fees, may also be charged, but these will depend on the nature of the activity, advice or insurance chosen by you. Entry fees and exit fees cannot be charged. Taxes, insurance fees and other costs relating to insurance are set out in another part of this document. You should read all the information about fees and other costs because it is important to understand their impact on your investment.

7. How super is taxed⁹

When money is paid into your account:

- + **Contributions from your employer and before-tax pay (salary sacrifice)** – these are taxed at 15% if you earn less than \$250,000 pa and 30% if you earn more than \$250,000 pa. If you contribute amounts above the government's yearly limit, or 'contribution cap', you might have to pay extra tax. For information about withdrawing these excess contributions and the tax implications, read our **How much can I add to my super account?** factsheet at mine.com.au/super-pds
- + **Contributions you make from your after-tax pay, income or savings** – these aren't taxed, except if you contribute an amount above the government's yearly limit.
- + **Contributions from your spouse (spouse contributions)** – these contributions aren't taxed. If you earn less than \$40,000 a year, your spouse might be eligible for an 18% income tax offset on the first \$3,000 they put into your super account each year.

! Warning: The government has set limits, called 'contribution caps', on how much you can contribute into super at the low 15% tax rate. If you exceed these limits you'll pay extra tax.

Investment earnings

These are generally taxed at 15%. This tax is deducted from the investment option you're invested in before earnings are allocated to your account.

When you withdraw money from your account

The tax you pay when you withdraw money from your super depends on your age:

- + **Age 60 and over:** You won't pay tax.
- + **Under age 60:** The full 'taxable component' is taxed at your marginal tax rate or 22%, whichever is lower, which includes the Medicare Levy.

If you have to pay tax, we'll deduct it from your withdrawal benefit. Your super won't be taxed if you transfer it to another super fund or pension.

Tax paid on death benefits

If you die, the amount of tax deducted depends on who receives your super.

- + **Paid to dependants** – Tax-free.¹⁰
- + **Paid to non-dependants** – The 'taxable component' is made up of two parts called the 'taxed element' and 'untaxed element'. The tax rates for each will depend on the relevant circumstances.

i For more information about dependants, read our **Nominating beneficiaries** factsheet at mine.com.au/super-factsheets

Tax paid by temporary residents and working holiday makers

If you're a temporary resident or working holiday maker you can apply to withdraw your super if you leave Australia. For temporary residents the 'taxable component' is taxed at 35% and the 'untaxed component' is taxed at 45%, while if you're a working holiday maker your full benefit will be taxed at 65%. These tax rates don't include the Medicare Levy, which might be payable.

! Warning: You should give us your Tax File Number (TFN) when you open your account with us. If you don't, you may pay extra tax when you contribute money into your account or withdraw money, or you might not be able to make some types of contributions. It will also be more difficult to trace different super accounts in your name so that you receive all your super when you retire.

i For more information about TFNs, read our **Your Tax File Number and super** factsheet at mine.com.au/super-factsheets

☰ You should read the important information about contribution caps before making a decision. Read the factsheet titled **How much can I add to my super account?** at mine.com.au/super-pds. The material relating to contribution caps may change between the time you read this Statement and the day you sign the application form.

⁹ This information on how super is taxed is general information only. How your super is taxed will depend on your personal circumstances.

¹⁰ Adult children who aren't financially dependent or in an interdependency relationship with their parents are considered dependants under super law but non-dependants under tax law. Therefore, if they receive a death benefit they would need to pay tax.

8. Insurance in your super

Warning: This is only a general summary of our insurance. You can find other important information about insurance, such as the cost of this insurance and if you're eligible to take out insurance through your Mine Super account, in our **Insurance Guide - Default Division**. You should read the information in the full PDS including the **Insurance Guide - Default Division**, before deciding if this insurance is appropriate. You can find these documents at mine.com.au/super-pds

- ! As a new member, any insurance you hold or will hold in the future will be under our
- **DEFAULT DIVISION**. The information following explains the insurance we offer under this **DEFAULT DIVISION**. We also have a **MINING DIVISION** which operates under different insurance arrangements, which you can opt-in to under certain conditions. You can find more information about opting in later in this PDS and in the **Insurance Guide - Mining Division** at mine.com.au/super-pds. You can also find a comparison of the key features of the two Divisions in our **Insurance - Default or Mining Division? factsheet** at mine.com.au/super-factsheets

We offer insurance cover for death and terminal illness (DTI) cover, total and permanent disablement (TPD) cover and income protection (IP) insurance.

Basic Cover and how it starts

Basic Cover consists of two units of DTI cover up to age 70, and two units of TPD cover up to age 65. If you're eligible, you don't need to apply for this insurance or have your health and lifestyle assessed. When cover is added, we'll send you an Insurance Welcome letter outlining your level of cover and the fees (including premiums). Your cover will initially be 'new events cover', meaning that until you've been in active employment for 30 consecutive days from the date cover starts, you'll only be covered for new illnesses or injuries. If you're self-employed when joining the Fund, your cover is 'new events cover' indefinitely. When this cover is automatically added to your account depends on your Occupation Group.

Occupation Group	When Basic Cover starts automatically
Occupation Group 1 – High Risk (Undeclared)	The later of: + you are aged 18, and + your account receives a mandatory employer contribution or you're self-employed, and + your account balance is at least \$500.
+ We don't know your occupation	
Occupation Group 1 – High Risk	
+ Your occupation is considered dangerous and you do not meet the definition of Occupation Group 2 - Non manual or Occupation Group 3 - Professional	

Occupation Group 1 – Manual	<ul style="list-style-type: none"> + Your occupation is not considered dangerous, AND + You do not meet the definition of Occupation Group 2 Non manual or Occupation Group 3 Professional 	<p>The later of:</p> <ul style="list-style-type: none"> + you are aged 25, and + your account receives a mandatory employer contribution, and + your account balance is at least \$6,000. <p>Note: You can opt-in to insurance cover beforehand, but will need to be aged 18, have received a mandatory employer contribution into your account, and your account balance is at least \$500.</p>
Occupation Group 2 – Non manual	<ul style="list-style-type: none"> + Your occupation is not considered dangerous, AND + You work at least 75% of the time in an office environment and perform only non manual duties. 	
Occupation Group 3 – Professional	<ul style="list-style-type: none"> + Your occupation is not considered dangerous, AND + You tell us you work 100% of the time in an office in a sedentary capacity, earn more than \$100,000 a year (or pro-rata if not working full time), and have an accredited higher education qualification or are eligible to belong to a recognised professional body. 	

If you're not yet eligible for Basic Cover, you can still choose to have it added by completing an **Application for Basic Cover (opt-in)** form. You'll need to be aged 18, have received a mandatory employer contribution into your account and have an account balance of at least \$500.

About dangerous occupations

Generally you can't have Basic Cover added automatically unless you're aged 25 and have an account balance of at least \$6,000. We understand that some jobs can be dangerous. The Government therefore allows us to treat members who work in a 'dangerous occupation' differently. Dangerous occupations include automotive and engineering trades workers; construction and mining labourers; construction trades workers; design, engineering, science and transport professionals; electrotechnology and telecommunications trades workers; factory process workers; health and welfare support workers; machinery and stationary plant operators; mobile plant operators; other labourers; protective service workers; road and rail drivers; and store persons.

How much are you covered for

Your level of Basic Cover varies depending on your age and Occupation Group. For example, the levels of Basic Cover at age 31 and 51 are shown below. To find out how much you're covered for read the **Insurance Guide - Default Division** at mine.com.au/super-pds

Insurance you apply for (subject to medical and lifestyle evidence)

You can apply to:

- + transfer equivalent cover you have with another super fund or life insurer
- + take out extra DTI and TPD cover called Voluntary Cover (you can apply for this even if you're not eligible for Basic Cover)
- + take out Income Protection insurance. If Basic Cover begins, you can apply for Income

Protection insurance within 60 days of the date of your Insurance Welcome letter with a quicker and simpler application process (than would otherwise apply).

Changing insurance

Basic Cover - once Basic Cover is added, you can:

- + if you're employed, increase this cover without having your medical and lifestyle assessed by applying for an extra unit of cover within 60 days of your Insurance Welcome letter.
- + fix your Basic Cover at any time. This means the dollar amount of cover remains fixed, and as you get older, the premiums will generally increase with your age.
- + increase this cover with no medical or lifestyle evidence following a 'life event' (such as marriage, having a child or getting a mortgage).

Voluntary Cover - you can apply to change this insurance at any time, such as increasing or decreasing the amount you're covered for.

Income Protection insurance - you can:

- + apply to change your insured salary and waiting period.
- + increase your cover with no medical or lifestyle evidence following a 'life event' (such as marriage, having a child or getting a mortgage).

Opt-in to our Mining Division

If you become eligible for Basic Cover, you will have a one-off opportunity to opt-in to our Mining Division within 60 days of the date of your Insurance Welcome letter. Whether it's best for you depends on your personal circumstances. For more information read the

Insurance Guide - Default Division and **Insurance Guide - Mining Division** at mine.com.au/super-pds

The cost of insurance

There's a cost* of having insurance through your account. It depends on your insurance division, the amount of insurance, your age, gender, salary (for Income Protection insurance only), premium loadings, whether you smoke and your Occupation Group. If you don't tell us your Occupation Group, you could pay more for your insurance than you have to. For more information read our **Insurance Guide - Default Division** at mine.com.au

We deduct the cost of your insurance (premium and an Insurance Administration Fee) from your account monthly in arrears, which covers you for that month. If you're eligible for Basic Cover, we'll automatically deduct the cost of this insurance from your account unless you tell us you don't want it.

The range of costs for our insurance can be found below. You can find the full table of premiums rates in our **Insurance Guide - Default Division** which you can find at mine.com.au

- + **Basic Cover** - cost ranges between \$2.04 per week and \$10.28 per week. As you get older, the amount of your Basic Cover and in turn, its cost, will automatically change.
- + **Voluntary Cover** - for \$1,000 of DTI and TPD cover, cost ranges between \$0.016 per week and \$2.052 per week. As you get older, the cost of your Voluntary Cover will automatically change.
- + **Income Protection insurance** - for \$100 of cover, cost ranges between \$0.031 per month and \$1.790 per week. As you get older, the cost of your IP insurance will automatically change.

* In addition to the premiums outlined above, all insured members are charged an Insurance Administration Fee. This fee is calculated as 3% of an insured member's gross insurance premiums, charged as a separate and stand-alone fee deducted each month from the member's super account.

Cancelling insurance

You can cancel your insurance at any time by phone on 13 64 63 or by completing a form. If you cancel within 120 days of your Insurance Welcome letter, we'll refund your insurance fees (including premiums) to your account, as long as you haven't made a claim.

Your insurance will also be cancelled if your account hasn't had a contribution, including transfers from other funds, for 16 months or more. We'll let you know if you're at risk of losing your insurance. You can elect to keep this insurance, regardless of whether your account is inactive, by contacting us or completing a form.

You should read the important information about insurance before making a decision. Read the document titled **Insurance Guide - Default Division** at mine.com.au/super-pds. The material relating to our insurance may change between the time you read this Statement and the day you sign the application form.

9. How to open an account

There are two ways you can open an account with Mine Super.

Employer-sponsored members

You're an employer-sponsored member if your employer is registered with us and is paying the compulsory super contributions they need to make for you into your Mine Super account. We'll automatically open an account for you when we receive the first super payment from your employer.

Personal members

You're a personal member if you choose to open a Mine Super account or an account is opened for you because of a family law split. Anyone can open a super account with us.

To open an account, read this PDS and then complete and return the **Personal Membership Application**.

If you're a personal member, you'll automatically be transferred to our employer-sponsored category if your employer starts contributing money to your Mine Super account.

Generally, we'll credit your first contribution to your account on the date we receive it. If there's a delay setting up your account because we're missing information from you, the Fund will keep any interest earned on this contribution while we wait to set up your account.

What if I change my mind? (cooling off period)

If you've chosen to open an account (as opposed to your employer signing you up) or an account was opened for you because of a family law split, you can cancel it by writing to us within 14 days of the earlier of:

- + the date we write to you to confirm we've opened your account
- + five days after we've set up your account.

You'll need to tell us which super fund to transfer your super money to. The amount you'll receive back will be adjusted for investment earnings, which could be positive or negative. You won't have this 14 day period to cancel your account if you've made a transaction on your account, such as changing investment options, nominating a beneficiary or taking out insurance.

For employers

If you're a standard employer sponsor, that is, have chosen Mine Super to be the default fund for your employees, you can cancel this arrangement within 14 days from, whichever is earlier:

- + the day we confirm your application
- + the end of the fifth day from when we first open an account for your employees.

Making a complaint

Here at Mine Super we put our customers first and want to ensure we're providing the best possible customer experience. We always value your feedback to continually improve our products and services. If you have a complaint, please get in touch and we'll make every effort to resolve your concerns quickly. There are various ways you can make your complaint, which you can find in our **Complaints Management Policy and Customer Guidance** at mine.com.au/complaints. If you need assistance, we can also help you submit your complaint. Let us know by calling 13 64 63 or by using one of the other contact methods outlined in our guidance document. If you're not happy with how we've handled your complaint, or we don't respond to you within 45 calendar days, you can contact the Australian Financial Complaints Authority (AFCA). The duty to take reasonable care

If you apply for life insurance, you will be treated as if you are applying for cover under an individual consumer insurance contract. The Insurer will conduct a process called underwriting. It's how it decides whether it can cover you, and if so on what terms and at what cost.

As part of underwriting, the Insurer will ask questions it needs to know the answers to. These will be about your personal circumstances, such as your health and medical history, occupation, income, lifestyle, pastimes, and current and past insurance.

The information you provide in response to those questions will be vital to the Insurer's decision. As such, when applying for life insurance you have a legal duty to take reasonable care not to make a misrepresentation to the Insurer. A misrepresentation is a false answer, an answer that is only partially true, or an answer which does not fairly reflect the truth.

This duty also applies when extending or making changes to existing insurance, and reinstating insurance.

If you do not meet your legal duty, this can have serious impacts on your insurance. Your cover could be avoided (treated as if it never existed), or its terms may be changed.

This may also result in a claim being declined or a benefit being reduced. Whether the Insurer can exercise one of these remedies depends on a number of factors, including:

- whether reasonable care was taken not to make a misrepresentation. This depends on all of the relevant circumstances.
- what the Insurer would have done if the duty had been met - for example, whether it would have offered cover, and if so, on what terms
- whether the misrepresentation was fraudulent; and
- in some cases, how long it has been since the cover started.

Before any of these remedies are exercised, the Insurer will explain the reasons for its decision, how to respond and provide further information, and what you can do if you disagree.

3a. Apply for or transfer insurance

You can apply for or transfer in any death, terminal illness, total and permanent disablement and income protection insurance you have with another fund or insurer.

The benefits of transferring include that:

- all your insurance is in one place and you save on multiple fees charged by different providers;
- you receive cover without having your health and lifestyle fully assessed. Any existing exclusions and premium loadings will continue to apply to your transferred cover.

There are terms and conditions that apply to be eligible to transfer your existing cover. Please read the **Insurance Guide - Default Division** at mine.com.au/super-pds for further information.

Yes, I would like to **apply for Voluntary Cover**, please send me the insurance application forms.

Yes, I would like to **transfer insurance**, please send me a **Transfer in my insurance** form.

Note: There are risks you should consider when transferring your existing cover, such as the loss of any accrued benefits, different premiums, definition differences, New Events Cover periods that may apply, the possibility of waiting periods having to start again and the implications if you don't disclose all relevant information on an application form (even if unintentional).

If you choose to have Basic Cover added and your account becomes 'inactive', that is a contribution hasn't been credited to your account for 16 months or more, your insurance will NOT be canceled as it would have been in normal circumstances.

3a. Add Basic Cover to my account

Generally you're not eligible for Basic Cover until you meet certain conditions.

However, you can add Basic Cover to your account now, provided you're employed and your employer makes their first contribution to your account.

If you are in a Dangerous Occupation, Basic Cover will generally begin when your account balance is at least \$500 and you're 18 years or older. If you tell us you're not in a Dangerous Occupation, your cover will begin when you turn 25 and/or your account balance is at least \$6,000.

However, you can still add cover to your account earlier, by ticking the below box. Please note cover will not begin until your account balance is at least \$500 and you are 18 or older.

If you choose to have Basic Cover added and your account becomes 'inactive', that is a contribution hasn't been credited to your account for 16 months or more, your insurance will NOT be cancelled as it would have been in normal circumstances.

For more information about Basic Cover, including its cost and how much you'll receive for your age, read the **Insurance Guide - Default Division** at mine.com.au/super-pds

I'd like to add Basic Cover to my account.

Make sure you check the additional eligibility criteria below so you're not paying for cover you can't use.

You're an Australian or New Zealand citizen or a resident visa holder. If yes, continue through to Section 3b. If no, you're not eligible for Basic Cover, go to Section 4 of this form.

Insurance you choose to take out

You can also apply for extra Death and Terminal Illness Cover, Total and Permanent Disablement (TPD) Cover as Voluntary Cover, and Income Protection Insurance. There are forms to fill out and you'll need to have your health assessed.

5. Nominate beneficiaries

- I want to make a binding nomination.** We must pay your benefit to the people you nominate. You need two witness signatures in the witness signature boxes below.
- I want to make a non-binding nomination** (this option isn't available for pensions). We'll decide who to pay your super and any insurance proceeds to, only using your nomination as a guide. Sign the declaration below but you don't need to have it witnessed.

You can only nominate the executor of your estate and / or your dependants. To nominate a beneficiary, mark 'X' in one or both of the boxes below. Please write the percentage that you want to be paid to each beneficiary. Your benefit can be paid in any percentage to your estate and / or beneficiaries but the total must equal 100%.

Your declaration

I understand that:

- if my beneficiaries are no longer dependants, they pass away before I do or Mine Super can't find them, Mine Super will pay my benefit to someone else they consider appropriate.
- if I have a binding nomination this will remain in place for three years from when my two witnesses and I sign this form. After three years the nomination will cease, but Mine Super may still use the information to help find possible beneficiaries.
- if there's an error with my form, by law it can't be considered a binding nomination. When Mine Super receives my form they'll undertake an initial review and if they find an error I'll be advised of this.
- if my nomination is binding it'll replace previous nominations. If this nomination is non-binding, it won't replace a binding nomination.
- I can change or cancel this nomination at any time in writing by completing another **Nominate your beneficiaries** form.
